Dear Tom:

I am writing this letter to you to thank you for the work you performed on behalf of my client in Memphis. I was highly impressed with your organization and your ability to get to the meat of the issue as expeditiously as possible. I was equally impressed by your ability, while present on site, to work with our other experts. In fact, you were a leader on site and others looked to you for answering questions and leading the charge. I will hope to have a case in the future in which to use your services again. I would recommend you to others and would be pleased to speak to any such person to provide a recommendation.

Sincerely,

Ed Wallis
